

Carlingford High School Behaviour Support and Management Plan (Revised 15 Feb 2024)

Behaviour Support and Management Plan

About this plan

This plan is an operational document which outlines school processes and practices, is published on the school website, and is made available to all students, parents/carers, and school staff. It has been developed in consultation with staff, the Student Representative Council and P&C. The plan is reviewed annually and uploaded to the school's website for the start of the new school year.

Overview

Carlingford High School is committed to explicitly teaching and modelling positive behaviour and to supporting all students to be engaged with their learning. Our aim is to provide a quality learning environment that is inclusive, consistent, safe, and secure. We aim to minimise disruption, bullying, harassment, discrimination, violence, intimidation, and victimisation. This plan should be read in conjunction with the Department's [Student Behaviour Policy](#), [Behaviour Code for Students](#) and [School Community Charter](#).

In NSW Public Schools students are expected to, the best of their ability, to: -

- Show respect to other students, their teachers and school staff and community members
- Follow school and class rules and follow the directions of their teachers
- Strive for the highest standards in learning
- Act in a courteous and respectful way that makes all members of the school community feel valued, included and supported
- Resolve conflict respectfully, calmly, and fairly
- Meet the school's agreed uniform policy or dress code
- Attend school every day (unless legally excused)
- Respect all property
- Be safe and not be violent or bring weapons, illegal drugs, alcohol, vapes, e-cigarettes or tobacco into our schools
- Not bully, harass, intimidate, or discriminate against anyone in our schools

Schools take strong action in response to behaviour that is detrimental to self or others or to the achievement of high-quality teaching and learning. The principal and school staff, using their professional judgment, are best placed to maintain discipline and provide safe, supportive and responsive learning environments and apply an appropriate action when students are not meeting these expectations.

Carlingford High School Behaviour Support and Management Plan (Revised 15 Feb 2024)

Promoting and reinforcing positive student behaviour and school-wide expectations

Our School Mission Statement

Carlingford High School's Mission is to develop considerate, responsible people who can learn and act independently to achieve personal excellence.

School Rules

Our core values known as 'The CARLO way' are based on the Positive Behaviour Engaging Learners (PBEL) approach and are as follows: -

Cooperation: Be cooperative and encourage other students to be cooperative

Achievement: Achieve your best and encourage other students to achieve their best

Respect: Show respect to all and encourage other students to show respect

Learning: Be an active learner and encourage other students to be active learners

Ownership: Take responsibility for your learning and behaviour including being prepared for all school activities and wearing correct school uniform.

Carlingford High School Behaviour Support and Management Plan (Revised 15 Feb 2024)

STRATEGIES AND PRACTICES TO PROMOTE POSITIVE STUDENT BEHAVIOUR (PBEL system)

As a comprehensive high school which aims to provide a quality education in a caring and respectful environment, we:

- provide positive, caring, and appropriate adult and student role models
- promote the wearing of our uniform with pride
- provide student leadership and decision-making opportunities through Student Representative Council, School Captains, Vice Captains, Sport and House Captains, Peer Support Leaders, Peer Tutoring and membership of school committees and teams
- actively support our students in a wide range of extra-curricular activities
- provide appropriate support programs such as welfare, counselling, remediation, learning support and transition programs to assist students in times of change
- encourage the establishment of a partnership with all members of the school community through the P&C, local Rotary clubs, school committees, newsletters, open days, information evenings, creative and performing arts evenings.
- acknowledge Aboriginal, multicultural and gender equity issues in various programs across the school; and
- support all staff in developing and maintaining exemplary teaching practices through ongoing professional learning and development.
- maintain a school culture that is clearly pro social, pro learning and where bullying and violence is neither accepted or expected.

STRATEGIES AND PRACTICES TO RECOGNISE AND REINFORCE STUDENT ACHIEVEMENT

At Carlingford High School we acknowledge student achievement in the following ways:

- Annual Presentation Night, Year 12 Graduation, Annual Sports Awards Assembly, Year group and ROSE assemblies.
- School Merit system and recognition at school assemblies, school newsletters and publications. [Link to school merit system.](#)
- Champion House sporting competition and points system through school swimming, cross country and athletics carnivals.
- Positive feedback in student/teacher interactions and relationships
- Performances and displays in creative and performing arts
- Sporting achievement at Kuring gai Zone, Northern Sydney Region, Combined High Schools, State and National Championships
- School References, yearly and half yearly school reports.
- Contact with parents and caregivers in person, by letter, email, or phone
- School Honour boards
- Involvement in academically challenging competitions and a wide range of extra curricula competitions and activities

STRATEGIES AND PRACTICES TO MANAGE INAPPROPRIATE BEHAVIOUR

Our Behaviour Support and Management plan is based on the following principles:

- Students are expected to demonstrate self-discipline and self-motivation in the classroom, in the playground, when representing the school including all excursions and while travelling to and from school.
- Students have a clear understanding of their rights and responsibilities as well as school structures, policies, and procedures.
- Students are aware of the school's support systems and assistance available via their Deputy Principal, Year Adviser, and school counsellor.
- Consequences for breaches of the Behaviour Support and Management Plan are applied fairly and without prejudice.

These may include:

- Reprimand
- loss of privilege
- self-review and or counselling
- detention, either at lunch time or after school
- parental contact and involvement
- referral to the Wellbeing Team
- referral to Head Teacher
- student monitoring/modification programs
- teacher mentor assigned to a student
- negotiation and/or mediation and/or restitution
- formal caution to suspend
- supervised withdrawal from class to provide support and reflection (incl. reflection space)
- referral to Deputy Principal
- placement in outreach programs
- temporary placements at tutorial schools or schools of special purpose
- suspension and/or expulsion from school

Classroom Managed Behaviours and Consequences

- Lack of preparedness – e.g., equipment/homework
- Calling out
- Classroom disruption
- Refusal to follow a reasonable request
- Refusing to work
- Unsatisfactory work
- Put downs and bullying behaviour
- Inappropriate tone/attitude
- Electronic devices used inappropriately
- Inappropriate comments
- Eating or drinking in class
- Lateness to class
- Leaving seat, group, or area without permission

The focus is on proactive prevention, early intervention and where required targeted individual intervention.

Proactive measures may include explicitly teaching social and emotional skills and behavioural expectations.

In some instances where a student's behaviour is of a serious concern and or has been repeated, the student may be required to attend a supervised program in a reflection space. In these instances, a student is withdrawn from class for designated periods over 1-4 days to receive support from staff including school counsellors, student support officer, HT wellbeing and DP's. The student may also be required to complete a number of self-reflection and learning activities. A suspension or formal caution to suspend may also be issued depending on the behaviour or behaviour of concern.

INTERVENTIONS

Removal from classroom (via HT)

Most Intrusive

- Parental contact (via HT) – phone or letter
- Student placed in a supervised reflection room
- Have student work in a colleague's classroom
- Classroom and or Playground clean-up
- Lunch /recess detention(s)
- The Carlo Way reflection sheet
- Taking student aside – counselling/negotiation
- Moving student within the class
- Verbal reprimand

Least intrusive

- Giving choices/warnings
- Re-direction and prompting
- Selective attending
- Rule reminders and restating expectations
- Physical proximity
- Gestures – Eye Contact
- Waiting and scanning

Reflection/redirection questions:

1. What are you doing?
2. What rule are you breaking?
3. What should you be doing?

Carlingford High School Behaviour Support and Management Plan (updated February 2024)

Detention and Reflection.

To ensure the safety and wellbeing of all students and staff, as well as provide an educational environment where all students can achieve and succeed, it is essential that behaviour is managed appropriately. Where students do not respond positively to the standards and expectations of the school, it may be necessary to apply a fair, reasonable, and proportionate action.

Detention Rooms and Reflection Spaces are a planned consequence that involve a single student, or group of students, generally being in a designated room or area. The purpose of these is to support the student to reflect on their behaviour and make positive choices. The student is always supervised by at least one teacher. The Detention Room is located in A block and the Reflection Space is most commonly located in the library. The Reflection Space allows counsellors, DP's, student support officers and other personnel to provide support and guidance during the reflection program. Detention and reflection do not take place in rooms that can be chained, locked, or closed in any way that prevents a student from freely leaving the space.

Principals, in consultation with the school community, make informed decisions about the use of Detention Rooms and Reflection Spaces as a response to student behaviour. Their purpose and operation are outlined below. Also included within the School Behaviour Support and Management Plan are details of the type of behaviours which may lead to a Detention, or a period of time/s in the Reflection Space or where a suspension and /or expulsion is imposed.

Detentions

Depending on the severity of the behaviour as judged by the school, detentions may be issued at recess, the first or second half of Lunch or after school on Wednesdays and Fridays from 3.10pm to 4.10pm. Students can request to use the toilet during after-school detentions or at the very beginning of recess or Lunch 1, unless there are extenuating circumstances. No food or drink should be consumed during these times with the exception of access to the student's own water bottle. Recess and lunchtime detentions are supervised by the teacher who issues the detention. After school detentions are supervised by classroom teachers on a rostered basis. Deputy Principals are available to support the rostered teacher. All after school detentions are recorded on Sentral. Students who fail to attend detention without just cause via a written parental request or for reasons of illness (i.e., absent from school) may have additional detentions imposed for the purposes of reflection. Those students with approved leave will have their detention rescheduled.

Reflection Space

In some first-time offences depending on the circumstances and/or where the school deems the behaviour or repeated behaviour warrants a formal caution to suspend, the school may require the student to attend the Reflection Space in addition to completing after school detentions. The Reflection Space provides time for the student to reflect on their behaviour and make positive choices. This involves the completion of learning activities which teach explicit skills of behaviour modification, prevention focussed activities and learning related to making positive choices, good decision making and depending on the nature of the behaviour, information which warns of potential harms.

Reflection Space (continued)

It also provides a structured mechanism to ensure the student receives the appropriate support from school personnel including the Student Support Officer, Deputy Principal, Counsellor, HT Wellbeing and other targeted interventions. During this time, the school may conduct a functional assessment as well as explicitly teach the student skills, knowledge and understandings related to their behaviour as described above. A student may be placed in the Reflection Space for designated periods each day for between one to four school days. Students can request to use the toilet during this time. No food or drink should be consumed during these times (unless pre-arranged with a parent) with the exception of access to the student's own water bottle. All periods of reflection are recorded on Sentral. When the library is unavailable, the Reflection Space will operate out of a classroom and supervised by a qualified teacher at the school. If a student is absent from school on any day they have been placed in the Reflection Space, that time is rescheduled to another day.

Suspension is the removal of a student from a school for a period of time determined by the Principal, in circumstances where all other behaviour support options have been appropriately implemented and given time to be effective but have not been successful in resolving behaviours of concern. The purpose of suspensions is to allow the school to implement appropriate supports in the absence of the student to mitigate the unacceptable risks to health, safety, learning, and wellbeing posed by the student's behaviour. Suspension is considered when other appropriate behaviour support options have been attempted or implemented including detentions, reflection time and or the provision of school supports, which have not been successful in resolving behaviours of concern.

In some circumstances, the Principal may determine that a student should be suspended as a first response to a behaviour of concern and without a formal caution because there are immediate and significant risks to health, safety and wellbeing for students or staff that cannot be mitigated with the student at school.

Unless the suspension is imposed immediately as described above, a formal caution to suspend will be given along with the opportunity for parents/carers to discuss the situation either in person or by phone. A formal caution is valid up to 50 days in the one school year and cannot carry over to the following year without DoE approval.

Behaviours of concern are defined as challenging, complex, or unsafe behaviour that require more persistent or intensive interventions.

Behaviours of concern could include: -

- Bullying of a targeted ongoing nature – the school adopts a whole school approach to preventing and responding to bullying as well as single factor interventions. As a foundation our school promotes a caring, respectful, and supportive teaching and learning community. Resources and strategies used within the school include:

The Bullying. No Way! Working in the classroom resource provides useful information to help educators create safe and supportive discussions around bullying.

Behaviours of concern are defined as challenging, complex, or unsafe behaviour that require more persistent or intensive interventions.

Behaviours of concern could include: - (continued)

- Drugs in schools (see DoE Drugs in Schools Policy)
- Weapons and knives in schools (see DoE Knives in Schools Legal Bulletin)
- assault (see Assault harassment, stalking and intimidation of students and staff at school)
- racism or discrimination, including that based on sex, race, religion, disability, sexual orientation, or gender identity (see Anti-Racism Policy)
- misuse of technology (see Technology misuse in schools)

Expulsions

There may be some serious circumstances where behaviour interventions, including suspensions and risk management strategies have not been successful in managing significant behaviours of concern.

In these circumstances a principal can consider expelling a student from the school.

Grounds for an expulsion

The Principal and Director, Educational Leadership can consider expelling a student from a particular school on the following grounds:

- serious behaviour or behaviours of concern where behaviour interventions and risk management strategies, including suspensions, have not been successful
- unsatisfactory participation in learning for students aged 17 years and over, where
 - a student is at risk of receiving an 'N' determination (non-completion of course requirements for this course) in a minimum of 2 courses and has received a minimum of 2 written 'N' warnings in each course. In this instance the Departments' suspension and expulsion procedures are followed.

Please note:-

This document does not seek to outline every eventuality that may occur within the school context or within school related activities. It does, however, attempt to provide reasonable guidance for students and parents as to the likely approaches and actions taken by the school in relation to Behaviour Support and Management and with regard to the Department's Student Behaviour Policy and Procedures. Teacher and Principal discretion depending on a multiplicity of contextual factors will be exercised in the attempt to ensure a safe, secure and positive learning environment is maintained for both staff and students.
